RE: Monthly Activity Report

2006 has come to an end and we are quickly moving toward another construction season in 2007 which promises to be full of new improvement projects.

Before we get on with the “new” I thought it might be timely to remind and update our citizens as to the accomplishments of Iron River over the past year. To do so, I have (with the help of other) prepared a newsletter which I hope to get out in the mail in the next week or so.

I felt that in lieu of recapping last year in this activity report as I have done in my past January Activity Reports, I would simply attach the draft of the newsletter for your review.

I’m always amazed how much has been accomplished by our city staff and other city agencies in such a short timeframe.

Within the next few days I will have completed my third year with the City of Iron River. It has been exciting and a pleasure to be part of such a progressive community.

Thanks for your support.
