Training – Master Plan – John Lacoangeli (Becket & Raeder) The purpose of this meeting was to provide education to the Planning Commission, DDA and Council to work to work together to form a master plan. He discussed inclusive public engagement with the DDA and having an economic development plan. He stated the Planning Commission needs to identify key legacy projects and then run those ideas through the DDA and City Council. They then need to meet collectively to pick ten projects/programs, prepare a survey form for public input and meet again to pick the top three projects. He explained these ideas do not happen overnight; one Marquette project has taken 24 years before seeing progress.
