NEW BUSINESS

Axon Enterprise, Inc. – Body Camera Package Proposal:

Andreski explained that IRPD had been searching for the right body cameras for quite some time. She said the current cameras were purchased when Mike Goriesky was Chief. She said one camera is currently working and another sporadically. She said it is important to have reliable working cameras. Andreski said there is some money in the budget for the purchase and she would also be submitting grants for the remainder. The package includes redaction software, licensing, software upgrades (replacements) GPS, Evidence.com software and a 5-year payment plan with no financing fees.

Garcia moved with support from Dood to accept the Axon proposal for body cameras in the amount of \$24,794.90. A fifth camera is to be added to the proposal if the price does not exceed \$2,000 per year.
