Make A Donation

Our Committee's mission is to restore community pride in our downtown district for both residents and visitors by revitalizing and providing new aesthetic improvements. In order to accomplish this and keeping Iron River "beautiful", we need to do so with the support from you and other community members.

Your support is key to helping the community and ensure our success in the future. Every dollar counts! All donations, 100% received, are used to purchase the colorful hanging baskets on Genesee Street and Washington Avenue, plants/flowers and various planting supplies needed each year.

Thank you for partnering with us! Please include your name and address so a confirmation can be sent. For more information, please email ironriverbc@gmail.com
